Umma University hosts 1st Arabic Faculty Conference

Marketing Activities

Umma University carried out marketing activities during the month of April to various Counties and towns including Mombasa, Malindi, Kwale, Isiolo, Mandera, Kajiado, Namanga, Nairobi, Kisumu, Kakamega among others.

Linking Industry and Academia (LIWA)

Dr. Ali Adan Ali, Director in charge of Research, Innovation and Outreach Affairs attended LIWA (Linking Industry with Academia) linkages workshop at Sarena Hotel on 26th April 2016. The Conference was organized by LIWA (Private sector-Academia-Government link). LIWA is an industry lead initiative that facilitates Industry-Government-Academia collaborative partnership to promote relevance and quality of Education, Skills and Research. The workshop theme was “private sector-Government-Academia linkages for Economic prosperity”. The event is a regional platform for engaging Private, Government and Academia.

“Kolleg” 2016

Dr. Ali Adan Ali, Director in charge of Research, Innovation and Outreach Affairs attended the “Kolleg” 2016 at Naivasha Sweet Lakes Resort on April 6th-8th 2016. The Conference was organized by Egerton University and sponsored by Alexander von Humboldt (AvH) and German Academic Exchange Service (DAAD). During the conference Dr. Ali presented a paper titled “Environmental Challenges and Constraints in Kajiado” whose abstract was

published in the program and book of abstract page 52. The conference theme was “Research and Networking: Laying the foundation for a sustainable development goals” with sub-themes comprising of governance; science, technology and innovation; environment and climate change; biodiversity; health; Agriculture and food security. 71 research papers were presented in the conference.

US Embassy Visit

Umma University Students and Staffs had their lifetime privilege to attend the Diplomatic talk in US Embassy on 8th of April 2016. They were parallel with other Universities who had also been invited to grace the occasion. During the

event, our team had the clinical opportunity to interact with diplomatic core that represents US state in this region. Many Issues affecting the two mutual countries were tabled and discussed at large, more interesting were the Issues touching on Islamic matters in western Countries and their egocentric perception towards Islam, but the Diplomat replied vividly that they have a cordial relationship with Muslim Community. However, our team also had the opportunity to be registered as the members of US Embassy Library. They were Issued with the Electronic membership Card to be used as agate pass to access the Library at their own free time. Moreover they were also given the access code to access the electronic in-

formation materials without physically presenting themselves in the traditional Library. As they say” if you want to go fast walk alone but if you want to go far walk with others” that’s why Umma University we have partnered with US Embassy.

Registration In Progress Apply Now for A Prosperous Career
